

GRAD VIDEO

Purpose

The purpose of the Grad Video is to create a visual remembrance of the individual grads and the different grad-groups. The video is shown at the Grad Banquet and again at the intermission of the Grad Ceremonies.

Procedure

The video is to be produced by a committee of grads, preferably those with the time and technical ability to produce a quality video.

The committee is supervised by a teacher, who will ensure that time and taste requirements are adhered to. Linda Doerksen has volunteered for this role in past years.

The video must be no longer than 20 minutes, which is the approximate length of the Ceremony intermission.

The video should be completed no later than the end of April. This includes an edited and previewed copy for use at the two Grad functions and any copies to be sold or distributed.

The video must include all of the grads in some capacity and for approximately the same length of time; no one group of students should dominate the video. A Grad List should be used to ensure that everyone has been included.

The video must be edited with and previewed by the teacher sponsor. Additional previewing may be done by the Administrators, who have the final say on the content of the video.

If the video is to be given away to each Grad and to be publicly broadcast, a Permission Form or Release must be signed by each of the parents. Any students from split families must have a form from each parent and student.

RELEASE FOR GRAD VIDEO IMAGES AND PHOTOGRAPHS

I understand that video images and photographs will be collected by the Grad Class. The images will be used for creating Grad slide shows, collages, community publicity flyers, and other displays. The video and photograph collections may also be distributed as a souvenir to Grads and their families.

Please check the space next to your response and complete the bottom section.

I give permission for images of my son or daughter to be used for these and similar purposes.

I do not want images of my son or daughter to be used.
